Applicants herein present amendment to cancel claims 1-7 and 16-27 without prejudice. Applicants further present amendment to claim 12 to correct a typographical error, specifically to correctly spell “parallel.” Applicants further present amendments to the specification to correct the typographical errors identified by the Examiner.

With respect to the Specification, Applicants respectfully request further detail from the Examiner as to the objection to paragraph [0014] as such paragraph number is not part of the originally filed specification. Applicants further assume the objection to paragraph [0155] is meant to be paragraph [1151]. Applicants also request clarification as to the objection to paragraph [0100] as such paragraph number is not part of the originally filed specification.
